Description

This all-in-one AC EV charger is built for everyday convenience and adaptability. With plug options for 10A, 15A, and 32A single-phase, plus 32A three-phase, you'll always have the right connection wherever you are – at home, on site, or on the road. Delivering up to 22kW of reliable power, it's a smart and compact solution that includes everything you need. Designed for drivers who value simplicity, reliability, and the freedom to charge anywhere.

Features

Dual Use: Portable or wall-mounted for flexible charging anywhere.

Universal Compatibility: Works with multiple plugs, including Schuko and CEE adaptors.

Fast Charging: Up to 22kW output for quicker top-ups.

Smart Control: Monitor, schedule, and track via Bluetooth app.

Durable Design: Anodised aluminium housing resists corrosion and wear.

Weather and Impact Ready: IP66 and IK10 rated for tough Aussie conditions.

Plug & Play: No installation required — charge straight away.

Benefits

Convenience: Charge at any standard power plug with no need for expensive installation.

Efficiency: Delivers high power for faster charging.

Safety: Advanced RCD and multi-layered protection mechanisms ensure user and vehicle safety.

Durability: Built to last, even in extreme weather conditions.

Portability: Lightweight and compact design for easy transportation.
